TIP-ical Kids: Social & Emotional Characteristics of the Gifted and Talented
Presenter - Dr. Rick Courtright
Monday, October 17, 2011
6:30-8:00

Over thirty years of research conducted at the Duke University Talent Identification Program help clarify our understanding of the unique developmental needs and issues of the gifted child. This session will highlight some of the behaviors and emotions that can be anticipated in the development of many -- though not all -- gifted individuals.

Dr. Courtright is a former teacher and coordinator of gifted programming and is currently a gifted educational specialist for the Duke University Talent Identification Program. He is a much sought after national speaker and advocate for gifted education. This is an evening that you will not want to miss!

Sponsored by:
Academically/Intellectually Gifted Department
