The superintendent at the discretion of the board shall include in each year's budget the cost of membership in the North Carolina School Board Association. At the discretion of the board, the cost of membership in the National School Boards Association may also be included in each year's budget.

All board members are encouraged to attend meetings, conferences and seminars of the state and national organizations in order to familiarize themselves with the latest developments in school affairs.

The board also will attempt to be officially represented in association affairs through the election of delegates and/or observers to the governing assemblies of these organizations.

The board also supports the maintenance of institutional memberships in other educational organizations which the superintendent deems to be of benefit to system personnel.
