The board recognizes the link between student health and learning. The goals of student health services are as follows:

- (1) to encourage the physical well-being of all students;
- (2) to integrate health-related services provided in the school setting, including those provided by counselors and health specialists;
- (3) to provide health services in a manner that reinforces the objectives of the healthful living education curriculum;
- (4) to work cooperatively with other governmental agencies and professional associations interested and involved in the health of students;
- (5) to use up-to-date research findings to develop and provide health services to students;
- (6) to meet all legal obligations; and
- (7) to provide courteous service to students and parents.
