

ADOPTED FEBRUARY 25, 2002
REVISED MARCH 8, 2010

Descriptor Term:
GOALS OF STUDENT TRANSPORTATION SERVICES

Descriptor Code:
6.3000

Legal References: G.S. 115C-36

Cross References:

The board shall provide school transportation services for eligible students consistent with the following goals:

- providing transportation to and from school to students most in need of the service;
- making safety a priority in maintaining quality transportation equipment and vehicles;
- teaching and expecting students to act in a safe and orderly manner while using school transportation;
- planning and providing transportation services efficiently and economically;
- using transportation services to support the types of learning opportunities available to students;
- working effectively with students, parents, private contractors and other governmental agencies in providing transportation services; and
- providing courteous service to students and responding promptly and courteously to requests by parents/guardians and students.
