Principals may assign individual student parking spaces or designate parking areas for students. Whenever individual spaces are designated or assigned, first priority will be given to individuals with physical disabilities. Students who need transportation in order to participate in school-related internships or off-site learning opportunities will have priority for parking spaces over other students. Pursuant to G.S. 115C-46, principals may provide for the registration of vehicles and may remove cars parked in violations of rules.

Parking on school grounds is a privilege and not a right. Parking privileges may be revoked as a consequence for violating parking rules or as a consequence for violating student behavior board policies, school standards or school rules as provided in policy 4.3600, Code of Student Conduct. Student cars parked on school property may be searched in accordance with board policy on student searches.
