OVERVIEW

C3 Leadership Academy --- **Civics, Citizenship, and Careers** explores the infrastructure of county government in Catawba County while looking at career opportunities available within the branches of Catawba County and local municipal governments

OBJECTIVES

During the program, the student will be able to:

- ◆ gain knowledge about how the many branches of city/county government work together.
- ◆ understand the vision and investment needed by citizens to secure a bright future for Catawba County
- ◆ learn about a variety of government agencies and services, including health services, parks and recreation, transportation systems, water/sewer systems, landfill and ecocomplex, social services, education, and economic development.
- ◆ gain hands-on experience government-related career areas.
- ◆ solidify career decisions.
- ◆ develop effective skills of personal development in areas such as peer relations, teamwork, stress management, and leadership.
- ◆ experience a learning environment which integrates school life with the adult world of work
