40 Field Work Hours

70 hours = **1/2 credit**

Program Coordinator—Geri Jordan

828-695-2612

Geri_Jordan@catawbaschools.net

OVERVIEW:

Career “U” is designed to prepare students with work-readiness skills and enhance career awareness. Students will be exposed to many career paths through tours, speakers, and hands-on activities. This program will also work on matching skills and interests to careers, interview skills, and help prepare students for the world of work after high school. Career “U” will provide a 40-hour internship related to the individual student’s career interest.

OBJECTIVES:

During the program, the student will be able to:

- be exposed to career opportunities in many business and industries
- explore new industries in Catawba County
- have a clear understanding of skills, interests, and abilities through career assessment
- learn about resources that will assist in job placement
- understand employment issues and expectations of employers
- apply learned skills in the workplace through field work
- develop interpersonal skills, relevant skills of the workplace, and an understanding of the selected career field of choice.
