

# Playing Card Sentences

Draw a card from the deck and write sentences or a story incorporating that number number/card in the story as many times as you can. Illustrate your story or one of your favorite sentence. For example, if I drew the 3 of hearts card,

I could start a story similar to this:

*Once upon a time 3 caterpillars crawled 3 miles to try to find 3 apples from 3 different apple trees to munch on. Each the 3 tired caterpillars napped for 3 hours and 33 minutes.*
