## See What We're Movin' and Groovin' to This Week!

### Reading: Iris and Walter

We will begin reading out of the textbook this week. The first story is a realistic fiction story about unlikely friends. Our focus will be retelling the story and building our stamina for independent reading in Daily 5!

### Math: Unit 1 Addition

Unit 1 is a long unit focusing solely on understanding the base 10 system we use to do add and subtract, as well as multiply. We learn MANY strategies for adding. Please check the notes that come home periodically. Also-your child is not lying! They are to only complete the FRONT of their homework sheet. We check then complete the review side for morning work.

### Science: Matter and Changes

We have already discussed and observed solids and liquid stages of matter. We will focus on these as we describe properties, sort types of matter, and then begin gases.

## from the teacher:

GROOVY

I will begin sending our newsletters via email next week. Please fill out and return the attached form to be sure I have one on file! Also, in lieu of separate shirts for field trips, grade levels, field days, etc. Oxford is selling groovy tie-dyed shirts with "Peace, Love, Oxford" on the front. We will wear these on all trips and field day. The cost is \$10. The order form was sent home in Thursday folders.

In the "MOOD" for these events?

9/8 - Ident-a-Kid

9/15 - PTO @6pm

9/30 - field trip money due (\$8)

10/22 - Children's' Museum trip-return at 330

Dude! This website is PAR-OUI!

### OUR CLASS WEBSITE

Pictures, updates, and info galore!

## GROOVY Words to Know

Spelling will begin this week. I use words Their Way in the classroom to adjust spelling to each child's needs. We practice every day! Therefore, I do not send home homework in spelling-BUT I have provided a sheet of ideas in the binders for practicing at home if you would like.
