Water Efficient Landscaping: Smart Irrigation for the plants at Snow Creek
Elementary

Presented by the North Carolina Cooperative Extension Office of Catawba County
Mrs. Kelly Groves
Newton, North Carolina

Students will be presented information on the following topics:

1. What is water efficient landscaping?
2. Why use water efficient landscaping at Snow Creek?
3. How is water efficient landscaping applied at Snow Creek?
4. Does the landscaping at Snow Creek have to be irrigated? What is the smartest irrigation for water efficient landscaping?

Following the presentation by the Cooperative Extension office, students will go outside to tour the exterior planted areas of Snow Creek.

Students will create a journal of the types of coniferous and deciduous trees/bushes and their irrigation methods.
